Come see us at the tiny homes,  
hutton house, thrift store or cafe!

**Tiny Home Village located at 909 3rd Avenue North in Myrtle Beach!**

**There are currently 22 veterans living in the tiny homes, with several of them now employed and making steady progress towards reintegration into society. The landscaping and planting at the tiny homes, which took place in June, went very well and has truly enhanced the beauty of the area.**

## Café Update

**We're proud to share exciting progress on the Veterans Café and Museum—an inspiring space dedicated to honoring those who served, preserving their stories, and building community around shared respect and remembrance.**

 **The Veterans Café is shaping up to be a warm, welcoming spot where veterans and visitors can gather over a cup of coffee, share stories, and build new connections. If you are a veteran group and would like to have a meeting call us and we can set that up!**

 **The Museum continues to grow, with incredible artifacts, photos, and personal stories coming in from veterans and their families. Each piece helps preserve the rich history and sacrifice of our nation's heroes. Our team is working hard on exhibit layouts and storytelling installations to ensure every visitor leaves inspired and informed.**

**This project is more than a building—it's a living tribute. A space where history is honored, service is remembered, and community is strengthened.**

**Stay tuned for our official opening date and upcoming events—we can't wait to welcome you in!**

**Open Monday - Saturday 8am-2pm**

## **The View from our CEO**

**At VWHRC our number 1 goal is ENDING VETERAN HOMELESSNESS.**

**This happens by getting our veterans back on their feet and enjoying life with a purpose. This year has been incredibly rewarding due to the tiny homes opening and adding the Veterans Cafe & Museum. Step 1 occurs at our Hutton House in Little River, this location is where our veterans get back on their feet. Step 2 occurs at the tiny homes in Myrtle Beach where our veterans enjoy life. And last but not least step 3 occurs at our cafe or job the veteran has obtained to give them purpose.**

**The process for each of our veterans has completely different elements and after 5 years of doing this not a single veteran has the same exact story. This makes a cookie cutter approach impossible to put a veterans life back together again. There are countless hours to make this work and we can never thank the groups and individuals enough for helping VWHRC end veteran homelessness, but thank you again!**

**In the beginning of 2025, one of our Hutton House residents who has been with us for almost 3 years got his VA disability benefits from nothing to 100% and was able to move into his own home! He still comes around the Hutton House and truly enjoys being around other veterans.**

## The View from our CEO

Just recently one of our tiny home residents was able to get his benefits raised and successfully went from the Hutton House to Tiny Homes to his his own place! This resident has been extremely helpful to VWHRC since arrival. He jumped at any task given to help fellow veterans hang lights, assist with landscaping, and move numerous items for others.

On any day of the week VWHRC will take in over 20 calls, assist our over 30 residents, feed a few handfuls of customers, collect donations, process VA claims, provide financial assistance, make a few cups of coffee and converse with nearly a hundred veterans. Again without the help of this community none of this would even be possible so thank you again!

I challenge you this year to begin donating just a dollar a month online to help VWHRC end veteran homelessness.
